# WHO ARE WE?

Zuiver [adjective] means 'Pure' in Dutch. 'Zuiver' to us means clean, pure and true designs for everyone, but not just anyone. Born in 2011 and rooted in Westzaan - a little village northwest of Amsterdam, The Netherlands - we believe that creativity makes the world more comfortable. Creativity can take the world to places we never imagined, but the most important place of all will always be home. Creating a safe haven, where you can calm down and be yourself. To make your own space as comforting as can be and evoke a sense of home. With our contemporary range of furniture, lighting and accessories we bring forward-looking materials, ideas and designs into any home. Tomorrow's designs for today's interiors.

Products marked by this icon are part of the Spring collection, which will hit stores 14 March 2024.

Creative Director

# FLOWING OPULENCE

In store  
14 March 2024

Shining a new light on everyday life with our new spring collection. This season revolves around the fact that nature excels in the art of design. A carefully curated collection captures the essence of organic beauty. Timeless luxury blends with nature, where curved shapes invite you to a world of flowing opulence.

The natural beauty of wood dances harmoniously with the sophisticated touch of marble, travertine, and aluminium, like the Noble tables and Pride side table. Immerse yourself in the tactile allure of these materials and experience the richness they bring to your surroundings.

Like a breath of fresh spring air, the colour palette breathes life into your home. And from the soothing beige and grey in the Arch lamps and Morning cabinets to the shimmering silver and hues of the sky. The colours play with a ray of light, embodying simplicity at its finest, where less is undeniably more. "Designing feels like an art, and nature has perfected it. Bringing that artistry into my home with the new spring collection will create a peaceful environment with a sense of opulence. The natural sunlight in springtime feels inviting and airy, shining into my home. Maximize the natural light with light colours and gleaming surfaces."

- Caroline van Velze, Creative Director.

# SUSTAINABILITY

We are not a sustainable brand. Up until now, Zuiver has taken the first steps towards sustainability. We introduced the first product designs in our collection (indicated in this catalogue with a sustainability logo). In 2021, we introduced a new conscious edition of our iconic Albert Kuip chair series, a bioplastic version containing 42.5% coffee residue. In 2022 we launched The Ocean Chair, made of 100% ocean plastic. Follow our website to be part of this journey.

Zuiver is part of the Zuiver Group, a family of interior brands, driven by our desire to make spot-on interior products available to everyone. As a frontrunner in the furniture design field, we feel it's our responsibility to minimise our environmental and social footprint by exploring alternative materials and production methods.

'Spot on Responsibility' is our internal strategy that was introduced in 2019 in order to transform how furniture is made and (re)used. It outlines the actions we are taking to move our business, and the design industry as a whole, towards a more innovative and responsible future. We do this because resources are limited and for us, taking action on climate change and recognising human rights are non-negotiable. Every single product we design and sell has some connection to natural resources. We are ready to make new choices in order to treat our planet with the utmost respect and to minimise our company's social and environmental footprint.

# SUSTAINABILITY

“When we design, we design for the future - not only in how our products look, but also the wider impact they have. We need to rethink the decisions we are currently making when it comes to natural resources. As a mum of three, I want my children and future grandchildren to grow up in the same world as I did.”

Caroline van Velze, Creative Director Zuiver

# SCHOLARSHIP

Innovation and product development are paramount at Zuiver. Due to inspirational cross-pollinations with previous co-creators, the need grew for our own 'breeding ground' for up-and-coming designers, where we provide them with comprehensive opportunities and experiences and equip them with knowledge during the overall process from idea to production. We want to enable students, graduates, and young designers to develop their creativity in an international learning environment and jumpstart their career as a designer.

## MEET FRIULI

Introducing the latest addition to our Scholarship programme, the stunning Friuli lounge chair designed by Sarah Roseman, winner of the Zuiver Scholarship in 2022. Designed with care and attention to detail, the lounge chair boasts a curvy, light design with sleek steel powder-coated legs. Sarah visited our chair manufacturer in Italy, and during her stay, she enjoyed a beautiful view of the Friulian Dolomites. The curved design of the backrest is a direct reference to the rolling hills of these mountains. Through the use of two different coloured upholstery, Friuli stands out, making a statement in every space.

# BARBIER SERIES

A marriage from 2016 between functionality and elegance. That's how we describe our popular Barbier cabinet series. We wanted a clever cabinet to create a clean space without clutter. Its sliding doors are designed to keep what's inside out of sight. The entire family is made of durable wood, like walnut, ash and oak. Available in three different colours, so it blends in every space.

# STORM SERIES

The Storm table series was introduced in 2016, and blends in every interior with its soft lines and rounded edges. At first glance, you might just miss the subtle detailing, like the v-groove in the table top and its sturdy legs, giving it a deliberately simple and timeless expression. From dining to side table, rectangular or round; Storm comes in different colours, sizes and variations.
